

KEEP CALM AND EXAM PRACTICE

Topic 7 Revision

Homeostasis Hormones Genetics Classification Sampling Climate Change

Anaerobic Respiration Photosynthesis Fighting Disease Communicable Disease Plant Transport

Topic 6 Revision

Aerobic Respiration Drug Development Micro-Organisms Circulatory System RP2 Gas Exchange

Trophic Levels Food Security Role of Biotechnology Cell Structure Cell Transport

Topic 5 Revision

Pyramids of Biomass Farming Techniques Microscopes RP1 Exchange Surfaces

RP10 Waste Management Biodiversity Adaptation and Competition Food Chains and Food Webs

Topic 7 Ecology

Maintaining Ecosystems Year 11 Prelim 1 Global Warming Carbon and Water Cycle RP9 Sampling

Meiosis Protein Synthesis Genetic Inheritance Variation Antibiotic Resistance Selective Breeding Classification Year 10 Prelim

Topic 6 Inheritance Variation and Evolution

Mutations Inherited Disorders Speciation Evolution Fossils Genetic Engineering

DNA Contraception Puberty and Menstrual Cycle Hormones Synapses Reflexes

Topic 5 Homeostasis and Response

Plant Hormones IVF / Fertility Treatment Controlling Blood Sugar The Eye The Brain RP7 The Nervous System

Photosynthesis Greenhouses and Hydroponics RP8 Anaerobic Respiration Effect of Exercise

Topic 4 Bioenergetics

Photosynthesis Investigations RP6 Aerobic Respiration Oxygen Debt and Exercise

Monoclonal Antibodies Vaccinations RP5 Protist Disease Fungal Diseases RP4 Bacterial Diseases RP3 Topic 2 Organisation RP2

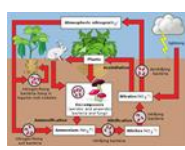

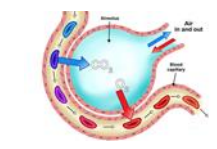

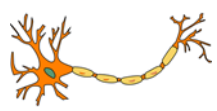

Topic 3 Infection and Response

Plant Diseases and defences Drug Discovery and Development Human Defence Systems Viral Diseases Pathogens

Topic 1 Cell Biology RP1

YEAR 11

YEAR 10

Enzymes and Digestion

Year 11 Prelim 2
