Dear Parent/Guardian,

National Citizen Service is a once-in-a-lifetime opportunity for 15 – 17 year olds to learn new skills, meet other young people from their local area and make a difference to their community. A member of the NCS Team visited Chatham Grammar School for Boys on 18.09.2015 and presented the opportunity for all students to take part in this government funded national programme.

NCS involves:
- Taster/Induction events
- A team-building residential phase away from home
- A skills-building phase
- Completing a team challenge which benefits others in their community
- A graduation ceremony to celebrate their achievements

NCS takes place out of school time over the October half term and some evenings and weekends through November. It will never cost more than £50 for your child to take part in NCS and there are Full and Part bursaries available; please ask if these apply to you.

If your son/daughter has expressed an interest in NCS with us in school, you will receive a call from our NCS team with more information about the programme within the next few days.

If you would like more information about NCS or to find out how your child can get involved please call us on 01233 600139 or visit www.ncsexk.co.uk

Yours sincerely,

The NCS Team
Medway Youth Trust
