Dear Parent/Guardian,

Revision Guides - GCSE Mathematics

We are in the position this year to be able to offer students the opportunity to purchase revision guides at a discounted price through the Mathematics department.

This year colleagues in the department have identified the ‘Collins GCSE Revision and Practice - New Curriculum - Edexcel GCSE Maths Higher Tier All-in-One Revision and Practice’ as suitable material for the Edexcel Linear GCSE course that your son/daughter is studying (ISBN 978-0-00-811036-9).

We are happy to be able to offer each book at a price of £4.50 (normally £10.99). Should you wish to take advantage of this offer, please return the slip below and pay by ParentPay.

Please note that this is not the definitive guide to success at GCSE, and is not necessarily better than any other title you may have already purchased. We believe it to be a comprehensive and easy-to-use resource, with practice questions at the appropriate level for your son. The guide should be used in conjunction with other materials, such as the homework book issued to your son, past examination papers, resources on Moodle, BBC bitesize etc.

Should you have any questions, please do not hesitate to contact me on 01634 830083 or natalie.milner@holcombegrammar.org.uk

Please return the slips by Monday 19th June when an order will be made.

Yours sincerely,

Mrs N. Milner-Jones
Mathematics Department
